MANAGEMENT'S DISCUSSION AND ANALYSIS (Required Supplementary Information)

#### **UPPER BLUE SANITATION DISTRICT**

## MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) Required Supplementary Information (RSI) December 31, 2023

The discussion and analysis of the Upper Blue Sanitation District's (District) financial performance provides an overall review of the District's financial activities for the year ended December 31, 2023. The intent of this discussion and analysis is to look at the District's financial performance as a whole. Readers should also review the financial statements and the notes to the financial statements to broaden their understanding of the District's financial performance.

#### **Financial Highlights**

The District offers sanitary sewer services to the Town of Breckenridge and surrounding areas. The District's assets exceeded its liabilities at the close of 2023 by \$116,276,018 (net position), which is an increase of \$4,571,012 from the prior year. Of this amount \$38,596,272 (unrestricted net position) may be used to meet the District's ongoing obligations to citizens and creditors.

The District's policy is not to impose property taxes. The District may have large fund balances from time-to-time, but those funds are allocated to new and replacement capital projects. Those capital projects are identified in the District's ten-year financial master plan.

The District had total revenues of \$12,894,583 in 2023 versus 2022 revenues of \$12,916,824. There was a decrease in total revenues of \$22,241. The main decrease from 2022 was due to a decrease in Plant Investment Fees in the amount of \$2,962,084.

In 2023, operating income from operations amounted to \$7,303,125 and other income in the amount of \$3,359,768. The District's total operating revenues increased in 2023 by \$163,696 from 2022. The main increase in 2023 operating revenue was the increase in Sewer User Charges of \$367,348. Investment Earnings increased in 2023 by \$1,092,244 from 2022. In 2022, there was operating income from operations in the amount of \$7,139,429 and other income in the amount of \$583,621. Capital contributions from Plant Investment Fees were \$2,231,690 in 2023 and \$5,193,774 in 2022.

#### **Using the Basic Financial Statements**

The Basic Financial Statements consists of Management's Discussion and Analysis (this section) and a series of financial statements and notes to those statements. These statements are organized so that the reader can understand the District as entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The first two statements, Statement of New Position and Statement of Activities are government-wide financial statements. Both provide long and short term information about the District's overall financial status.

The Statement of Activities presents information showing how the District's net position changed during 2023. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows.

The remaining statements are fund financial statements that focus on individual parts of the District's operations in more detail. The governmental fund statements tell how general District services were financed in short term as well as what remains for future spending.

The District has the following governmental funds:

The District operates as a proprietary fund. Proprietary Fund statements offer short and long term financial information about the activities that the District operates as a business enterprise.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

#### **Government-Wide Financial Statements**

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private businesses. The Statement of Net Position includes all the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how it may have changed. The change in net position is important because it shows the reader whether, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of various factors, some financial, some not. Non-financial factors include facility conditions and state or federal required programs.

In the Statement of Net Position and the Statement of Activities, the District's proprietary fund is show as a business-type activity.

#### Business-Type Activities:

The District's business-type activities consist of its sewer operations. The District provides sanitary sewer services using owned facilities throughout its service area. The District's sewer operations are supported primarily by charges for sewer services and by system expansion and plant investment fees.

#### Financial Analysis of the District as a Whole

Net Position increased in 2023 by \$4,571,012 to \$116,276,018 and in 2022 by \$5,222,457 to \$111,705,006. This was the result of an increase in capital assets in the amount of \$8,383,926 in 2023.

Cash, Cash Equivalents, and Investments of the District as of December 31, 2023 totaled \$39,854,477, which represents 33.54% of the District's total assets, and at December 31, 2022 Cash, Cash Equivalents, and Investments totaled \$43,310,190 which represents 38.02% of the District's total assets.

#### Reporting the District's Most Significant Funds

The analysis of the District's major fund immediately follows the government-wide statements. Fund financial reports provide detailed information about the District's major fund. The District's major fund is its Proprietary Fund.

Net operating income for 2023, before depreciation, was approximately \$65,725 less than 2022 operating income. The decrease in operating income in 2023 was due to an increase in the 2023 operating expenses in the amount of \$229,421. The net operating income for 2022, before depreciation was approximately \$340,810 less than 2021 operating income.

The District's policy is not to impose property taxes. The District may have large fund balances from time-to-time, but those funds are allocated to new and replacement capital projects. Those capital projects are identified in the District's ten-year financial master plan.

#### **Budget and Actual Comparisons**

Actual revenues exceeded budgeted revenues by \$3,526,975 in 2023. Actual revenues exceeded budgeted revenues by \$4,511,824 in 2022. Plant Investment Fees exceeded the budgeted amount by \$231,690 in 2023 and \$3,693,774 in 2022.

Actual expenditures were less than budgeted by \$16,629,352 in 2023 and \$10,242,741 in 2022. Significant variations to budget are as follows:

- Administrative expenses were \$210,124 less than budgeted in 2023 and \$117,540 less than budgeted in 2022.
- Plant expenses were \$575,931 less than budgeted in 2023 mainly due to Iowa Hill, Farmers Korner and South Blue Utilities, and Iowa Hill chemicals being less than budgeted. For 2022, plant expenses were \$122,778 less than budgeted mainly due to Iowa Hill, Farmers Korner, and South Blue utilities, and Farmers Korner chemicals being less than budgeted.
- Replacement capital expenditures were less than budgeted by \$7,888,333 in 2023 and \$5,029,111 in 2022.
- Capital outlay for 2023 was \$7,944,200 less than budgeted and \$4,972,434 less than budgeted in 2022.

#### Capital Assets

#### Replacement Capital

In Collections, manholes and lift station projects were undertaken to help address infiltration and inflow problems. The District had ongoing line cleaning/TV of main sewer lines, plus line cleaner modifications.

At the Farmers Korner plant, the District replaced the A-Basin, repaired the north plant blowers, replaced north/west/east plant pumps, repaired the clarifier, and replaced plant piping.

At the Iowa Hill plant, the District replaced the SCADA.

#### New Capital

In Collections, the District constructed the 39 Degrees North sewer line extension.

At Farmers Korner, the District upgraded electrical components.

At the Iowa Hill plant, the District engineered for nutrient removal.

The District depreciates its capital assets. See Note 1 of the Notes to Financial Statements - Summary of Significant Accounting Policies - Capital Assets and Note 4 of the Notes to Financial Statements - Capital Assets.

#### The Future of the District

New water quality regulations in the State of Colorado could require the District to modify the treatment plants within five to eight years. The new regulations could require capital treatment additions which could cost the District approximately 40 million dollars. The District has reserved funds in the ten-year master plan for the new water quality regulations.

#### **Request for Information**

The financial report is designed to provide information for regulatory reporting to federal and state agencies and those with an interest in the District's finances. Questions concerning this or any additional information should be addressed to Andrew Carlberg, District Manager, Upper Blue Sanitation District, PO Box 1216, 1605 Airport Road, Breckenridge, CO 80424-1216.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Upper Blue Sanitation District (the District) is a Colorado governmental unit operating in accordance with Colorado statute. The District was established to provide sewer treatment services to properties located within its boundaries. The significant account policies utilized are detailed below.

#### **Financial Reporting Entity**

Pursuant to the GASB Codification, the District applies the criteria outlined commencing at Section 2100.119, to determine which governmental organizations should be included in the reporting entity. The inclusion of exclusion of component units is based on the elected officials' accountability to their constituents, and the financial reporting entity follows the same accountability. Further, the financial statements of the reporting entity should enable the reader to distinguish between the primary government (including its blended component units, which are, in substance, part of the primary government) and discretely presented component units.

The criteria used for determining whether an entity should be included, either blended or discretely presented, includes but is not limited to: fiscal dependency, imposition of will, legal standing, and the primary recipient of services. Based on these criteria, the District has no includable component units. The District is also not included in the financial statements of any other entity.

#### **Basis of Accounting**

Enterprise fund accounting is utilized in accordance with accounting principles generally accepted in the United States of America. Enterprise funds recognize revenues and expenses on the accrual basis of accounting where revenues are recorded when earned and expenses are recorded when incurred.

The District distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues of the District are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District follows the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis - for State and Local Governments. Statement No. 34 establishes standards for external financial reporting for all state and local governmental entities which includes a management's discussion and analysis section; a statement of net position; a statement of revenues, expenses, and changes in net position; and a statement of cash flows. It requires the classification of net position into three components - net investment in capital assets; restricted; and unrestricted.

**DECEMBER 31, 2023** 

#### **Adoption of New Accounting Standards**

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, Lease. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financing of the right to use underlying asset. Under this standard, a lease is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The District adopted the requirements of the guidance effective January 1, 2022 and has elected to apply the provisions of this standard to the beginning of the period of adoption.

The District has several leases with employees to assist with ever increasing housing costs in Breckenridge, Colorado. Management has evaluated the terms of the leases, and determined since they are on a month-to-month basis, should not be recognized as a long-term lease under GASB 87. Instead, lease revenue is recognized when received as rent revenue on the Statement of Revenues, Expenses, and Changes in Net Position.

#### **Cash and Equivalents**

For purpose of the Statement of Cash Flows, the District treats all demand and money market bank accounts as cash and equivalents.

#### Investments

The District's short-term investments with maturities of three months or less from the date of acquisition are considered to be cash on hand and reported at net asset value (NAV).

#### **Estimates**

The preparation of these financial statements in conformity with GAAP requires the District management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Capital Assets**

Assets are stated at costs; developers costs; or estimated acquisition value at the time of dedication. The capitalization threshold for capital assets is \$5,000. Depreciation is computed using the straight-line method over the asset's estimated useful life ranging from five to fifty years. Depreciation begins in the year following completion for assets under construction.

**DECEMBER 31, 2023** 

#### **Comparative Information**

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. This information may have been reclassified from its original presentation for comparative purposes.

#### **Budgets**

Each fall the Board of Directors adopts a budget and appropriates funds for the following calendar year. Unused appropriations lapse at year-end.

An amendment to budget through supplemental appropriation is subject to approval of the Board of Directors at a public hearing and the filing of approved supplemental appropriation with the State of Colorado. There were no budget amendments in 2023.

The basis of these budgets is non-GAAP, in that revenues and expenditures are budgeted on the modified accrual basis of accounting. This budgetary basis includes plant investment fees as revenues (contributed capital for GAAP), and expenditures include loan principal paid and capital outlay, but exclude depreciation.

#### **Compensated Absences**

The District allows employees to accumulate unused vacation, sick leave, and compensatory time up to specified maximum limits. The District accrues such benefits in the period in which they are earned.

#### **Equity**

Equity is classified as net position and displayed in three components:

- Net investment in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position consists of net position with constraints placed on their use either by (1) external groups, such as creditors, grantors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

#### **DECEMBER 31, 2023**

 Unrestricted net position - all other net position that do not meet the definition of "restricted" or "net investment of capital assets". This net position is available for future operations or distributions.

It is the District's policy to fund operations through the most restricted available net position first.

#### NOTED 2: CASH AND EQUIVALENTS

Cash and deposits and investments are comprised of and are allocated on the December 31, 2023 statement of net position as follows:

Cash Deposits and On Hand Investments Total Cash and Investments	\$ 9,470,701 31,633,776 41,104,477
Cash and Equivalents Investments Restricted Cash and Equivalents Total Cash and Investments	\$  8,220,701 31,633,776 1,250,000 41,104,477

#### **CASH DEPOSITS**

At December 31, 2023, the District's cash deposits had bank and carrying balances as follows:

	Bank	Carrying
	Balance	Balance
FDIC Insured	\$ 250,000	\$ 250,000
PDPA Collateralized	40,872,174	40,854,277
Petty Cash	<u> </u>	200_
Total Cash Balances	\$ 41,122,174	\$ 41,104,477

#### **Custodial Credit Risk - Deposits**

Deposits are exposed to custodial credit risk (the risk that, in the event of the failure of a depository financial institution, the government would not be able to recover deposits or would not be able to recover collateral securities that are in the possession of an outside party). If they are not covered by depositary insurance and are collateralized with securities held by the pledging financial institution, except for deposits collateralized by certain types of collateral pools including a single financial institution collateral pool where the fair value of the pool is equal to or exceeds all uninsured public deposits held by the financial institution (e.g. deposits insured by The Public Deposit Protection Act, (PDPA)). Accordingly, none of the District's deposits at December 31, 2023 are deemed to be exposed to custodial credit risk

**DECEMBER 31, 2023** 

#### **INVESTMENTS**

#### Credit Risk

Eligible investments shall conform to state law and may include any of the following:

- Obligations of the United States and certain U.S. government agencies securities
- · Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- · Bankers' acceptance of certain banks
- Commercial paper
- · Local government investment pools
- · Written repurchase agreements collateralized by certain authorized securities
- · Certain money market funds
- · Guaranteed investment contracts

At December 31, 2023, the District had invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST), a local government investment pool. As an investment pool, COLOTRUST operates under the Colorado Revised Statutes (2476-701) and is overseen by the Colorado securities Commissioner. COLOTRUST invests in securities that are specified by the Colorado Revised Statutes (2475-601). Authorized securities include US Treasuries, US Agencies, commercial paper (rated A1 or better) and bank deposits (collateralized through PDPA). COLOTRUST operates similar to a 2a-7-like money market fund with a share value equal to \$1.00 and a maximum weighted average maturity of 60 days. COLOTRUST is rated AAA by the Standard & Poor's Corporation. A designated custodial bank provides banking services and trust custody for securities held on behalf of the participating governments in COLOTRUST. The custodian's internal records identify the investments owned by the participating governments. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method.

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to interest rate risk, the District's investment policy requires that the majority of its investments have a maturity date of 1 year or less.

#### Concentration of Credit Risk

Investments must be in accordance with Colorado statutes. The District has placed limits on the maximum percentage of various instruments in the portfolio based on type ranging from 50% to 100% of the total portfolio. Investments in any one financial institution generally may not exceed 50% of the District's portfolio unless the investments are obligations of the United States Government.

#### **DECEMBER 31, 2023**

#### **RESTRICTED CASH AND INVESTMENTS**

Restricted cash and investments for 2023 represent an amount equal to three months of subsequent year's budgeted operating expenses as required by the 2010 loan agreements with the Colorado Water Resources and Power Development Authority (CWRPDA) (see Note 5). These monies can be used for emergency operating purposes, if necessary. The District has also restricted funds it has on deposit in escrow per developer agreements. The amount held in construction retainage escrow ultimately belongs to the contractor and a retainage payable account has been established to offset this amount.

Developer Escrow Balances	\$ 189,723
CWRPDA O&M Reserves	1,250,000
Total Restricted Cash and Investments	\$ 1,439,723

#### **NOTE 3: NOTES RECEIVABLE**

The District provides financing related to new system connections. The property owner must sign a promissory note for the amount of the financed fees. The promissory notes generally require 32 quarterly payments, can be prepaid at any time, and bear interest at prime plus 2%. The District had 4 outstanding notes with a value of \$28,225 at year end and recognized \$1,996 of interest on the notes during 2023. The District has not recorded an allowance against the outstanding balance.

#### **District Employee Housing Assistance**

During 2019, the District entered into a note receivable agreement with an employee in the amount of \$130,000. The note bears interest at 3% per annum and requires 240 monthly payments of \$166.38 commencing August 2021. The note matures on August 2041 and had a value of \$27,255 as of December 31, 2023. Interest income on the note for the year was \$837.

#### NOTE 5: COMMITMENTS AND CONTINGENCIES

#### **Prepaid Plant Investment Fees**

The District has received prepaid plant investment fees for approximately 55 single-family equivalent plant investment connections. The District is not required to repay the fees but is required to provide service without additional cash payment from the property owners. During the 2018 fiscal year, the District converted 10.73 prepaid connections to active connections. There are 44.27 prepaid single-family equivalent connections remaining.

#### **Summit County Fee Credit**

The District received a water right decree in 1997 that contained various provisions and a stipulation that Summit County could reopen the decree upon the occurrence of certain events. In July 2015, the District entered into an agreement granting the County \$1,000,000 in credits towards future Inclusion Fees and Plant Investment Fees assessed by the District for County-sponsored or supported public or public/private projects within Summit County in exchange for an agreement from the County to never exercise its right to reopen the decree. The County expended all remaining credits in 2022.

#### **Town of Breckenridge Fee Credit**

The District received a water right decree in 1997 that contained various provisions and stipulation that the Town of Breckenridge could reopen the decree upon the occurrence of certain events. In July 2018, the District entered into an agreement granting the Town \$970,000 in credits towards future Inclusion Fees and Plant Investment Fees assessed by the District for Town-sponsored or supported public or public/private projects within the Town in exchange for an agreement from the Town to never exercise its right to reopen the decree. The town expended all remaining credits during the year ended December 31, 2023.

#### **TABOR Amendment**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the State of Colorado and local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10 percent of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The District's management believes, after consultation with legal counsel, it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including interpretation of qualification as an Enterprise will require judicial interpretation.

**DECEMBER 31, 2023** 

#### **NOTE 6: LONG-TERM DEBT**

The following is an analysis of changes in long-term debt:

Balance							E	Balance	Dυ	ıe Within
	12/31/2022 Advances		nces	Payments		12/31/2023		One Year		
Notes Payable										
2010 CWRPDA	\$	859,234	\$		\$	107,292	\$	751,942	\$	109,448

The District has one outstanding loan with the Colorado Water Resources and Power Development Authority. In 2010, the District entered into a loan agreement to complete the Farmers Korner facility expansion. The loan contains various covenants and a revenue pledge.

Among the covenants are rate maintenance provisions, operations and maintenance reserve requirements, and provisions against providing free service or capacity to any person, firm, corporation, public agency, or instrumentality.

The 2010 loan requires semiannual payments through February 2030 with interest at an effective rate of approximately 2 percent. The District has the option to repay the loan in whole or in part upon prior written notice. Interest paid on this loan during 2023 was \$15,757.

The District has pledged the revenue from the operation and use of the wastewater treatment facilities and other legally available revenue, after the payment of operation and maintenance expenses of the system, for the repayment of the above loan. The loan agreement contains restrictive covenants and requirements, including a rate covenant (See Note 9) and maintenance of a three-month operating reserve for the 2010 loan (See Note 2). The District was in compliance with covenants and requirements of the loan agreements as of December 31, 2023.

A schedule of future loan payments as of December 31, 2023 are:

Fiscal Year	P	Principal		Interest		Total	
2024	\$	109,448	\$	14,494	\$	123,942

**DECEMBER 31, 2023** 

#### **NOTE 7: BENEFIT PLANS**

#### **Money Purchase Pension Plan - Defined Contribution**

The District maintains an Internal Revenue Code Section 401(a) money purchase plan for all full-time employees. The assets of this plan are not reflected in the financial statements because they are not subject to any creditors of the District.

This plan is a single employer, defined contribution plan. The District contributes 5 percent of each participating employee's salary. Total contributions (including application of forfeitures) were \$111,226 and \$66,816 in 2023 and 2022, respectively.

Covered and total payroll for 2023 and 2022 was \$1,659.002 and \$1,336,320, respectively. Employer contributions vest at a rate of 20% per year of services with employees fully vested after five years.

Beginning in 2011, the District contributes an additional 2.5% of each employee's salary into the 401(a) based upon their optional contribution to the District's 457 plan. In 2023 total employee contributions were \$75,686 with the District matching \$111,969.

District contributions for plan members who leave employment before they are fully vested are used to reduce the District's current period contribution requirement. There is no liability for benefits under the plan beyond the District's matching payments. Plan provisions and contribution requirements are established and may be amended by the District's Board of Directors.

### NOTE 8: RECONCILIATION OF PROPRIETARY (GAAP) REVENUES AND EXPENSES TO BUDGETARY REVENUES AND EXPENDITURES

The District prepares its budget annually. The following reconciliation is presented to reconcile the annual budgeted revenues and expenditures to the GAAP basis financial statements.

**DECEMBER 31, 2023** 

#### **NOTE 9: RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2023. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers compensation coverage to its members. Settled claims have not exceed this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

#### **NOTE 10: RATE MAINTENANCE**

The 2010 Colorado Water Resources and Power Development Authority loan agreement requires that Net Revenues shall represent a sum equal to 110% of the amount necessary to pay when due the principal and interest on the loan and any parity debt coming due.

#### **NOTE 11: FUTURE USE OF NET POSITION**

Through the adoption of the 2024 budget, the District has appropriated \$22,552,104 of net position available at December 31, 2023 to fund fiscal year 2024 operations.

As this amount is internally allocated, it does not meet the requirements to be shown as restricted net position on the Statement of Net Position.
